

SHIVANI MALIPOLI

+91 8639724569 malipolishivani3027@gmail.com LinkedIn GitHub Hyderabad, India

PROFESSIONAL SUMMARY

BCA graduate with hands-on experience in Python, Django, React.js, SQL, MySQL, AWS, Terraform, Linux, Git, and GitHub. Skilled in developing full-stack web applications, REST APIs, and cloud-based solutions with expertise in backend development, cloud technologies, and Infrastructure as Code (IaC). Seeking Software Engineering, Python Development, Backend Development, or Cloud Engineering opportunities to build scalable and impactful solutions.

TECHNICAL SKILLS

Programming	Python, SQL, JavaScript
Backend	Django, Django REST Framework, REST APIs, JWT Authentication
Databases	MySQL
Cloud & DevOps	AWS EC2, Terraform, Linux, Git, GitHub, Render, Vercel
Frontend	React.js, HTML, CSS
Tools	ServiceNow ITSM, Power BI, Tableau, Excel
Concepts	OOP, CRUD Operations, API Integration, Database Management, IaC

PROJECTS

Employee Management System | GitHub

May 2026 – Jun 2026

Tech Stack: Django, Django REST Framework, MySQL, JWT

- Developed a full-stack Employee Management System using Django, Django REST Framework, and MySQL.
- Implemented JWT Authentication, REST APIs, and complete CRUD functionality for employee management.
- Built search, filtering, pagination features and deployed the application on Render using Git and GitHub.

Personal Portfolio Website | Live Demo | GitHub

Jun 2026

React.js, Vite, JavaScript, CSS3, HTML5, Git, GitHub, Vercel

- Developed a fully responsive portfolio website using React.js and Vite to showcase projects, technical skills, certifications, internships, and academic achievements.
- Built reusable React components and implemented a mobile-first design approach, ensuring seamless user experience across desktop, tablet, and mobile devices.
- Leveraged Git, GitHub, and Vercel to manage source code and deploy the application through an automated CI/CD workflow, enabling continuous delivery and efficient updates.

AWS Infrastructure Automation using Terraform – KodeKloud | GitHub

Feb 2026 – Mar 2026

Tech Stack: AWS, Terraform, Linux

- Automated AWS infrastructure provisioning using Terraform and Infrastructure as Code (IaC).
- Created VPCs, Security Groups, Key Pairs, and custom networking configurations.
- Worked with Terraform Providers, Variables, Outputs, and State Files to manage cloud resources.

AWS 2-Tier Student Registration Portal Deployment | GitHub

Jan 2026 – Feb 2026

Tech Stack: AWS EC2, Apache, PHP, MariaDB, Linux

- Deployed a Student Registration Portal on AWS EC2 using a 2-tier architecture with PHP and MariaDB.
- Configured Apache HTTP Server on Amazon Linux and integrated application and database layers.
- Performed deployment testing, database validation, troubleshooting, and server configuration.

INTERNSHIPS

Deloitte Data Analytics Simulation – Forage | Certificate

May 2025

Tech Stack: Excel, Tableau

- Built interactive dashboards and performed data analysis using Excel and Tableau.
- Generated actionable insights to support business decision-making.

AWS Solutions Architecture Job Simulation – Forage | Certificate

May 2025

Tech Stack: AWS Cloud Services, Architecture Design

- Designed scalable and cost-optimized AWS architecture solutions for business scenarios.
- Evaluated AWS services and estimated cloud infrastructure costs.

Python Developer Intern – SkillVertex | Certificate

May 2024 – Nov 2024

Tech Stack: Python, SQL, OOP

- Built Python-based solutions using OOP, Data Structures, and core programming concepts.
- Leveraged Python and SQL for data processing, debugging, and analytical problem-solving in project-based assignments.

EDUCATION

Bachelor of Computer Applications (BCA)

Oct 2022 – May 2025

Annie Besant Women's College, Hyderabad | CGPA: 8.97

CERTIFICATIONS

- Python Full Stack Certification
- AWS Cloud Practitioner Essentials – AWS
- Amazon Elastic Container Service (AWS ECS) – KodeKloud
